Nene Valley Railway – Small Loco Group

Is proud to announce that we have been awarded a Restoration Grant of £20,000 to help fund our restoration of Derek Crouch 1539, one of much loved small loco's currently in overhaul. Our Small Loco group, is a group of enthusiasts who are working hard to fully restore this loco back to full steaming duties at Nene Valley Railway. We are extremely grateful to AIA for this invaluable grant that will go a long way to helping bring this loco back to the rails.

This project has been supported by a restoration grant from the Association for Industrial Archaeology, the national society for industrial heritage, which has supported the study, preservation and presentation of industrial heritage in Britain since 1973. More information can be found at <https://industrial-archaeology.org>.

AIA also have a Facebook page for more exciting information on other project they support
